

Professional profile

A videographer committed to creating imaginative video projects. Experience with all three stages of video production as a director, writer, cameraman and editor, hoping to be able to learn from more experienced practitioners in each of these fields during career and apply that to future projects.

My video portfolio can be found here: <https://youtu.be/oPgkYw8ZuIE>

Placements and projects

August 2020 - October 2020 Arch Creative - Videographer

Outline

6-week paid internship, working with a Leicester-based full-service design company. Produced a video for Leicester youth services, seeing it through from initial concept to final delivery. Included work in Premiere editing together interviews with b-roll, audio and visual effects to conceal the identity of the people interviewed, filming b-roll on location in various parts of Leicester city using a Sony A7S, transcribing and inserting open captions for the final video.

February 2020 – May 2020 Renergy Solutions Ltd. - Creative and Digital Media Administrator

Outline

12-week paid internship working with a Leicester-based renewable energy company. Included content creation using Adobe Premiere and Photoshop for sending to clients, use as advertisements on Facebook/Instagram, and as content for the company website, as well as assisting in the creation of said website using Duda web-building tools.

July 2019

ESL - Runner

Outline

Worked with a video team and photographer over the course of two days, assisting with player portraits and interviews whilst transporting footage to editors of team intro VTs for an esports broadcast.

November 2018

SRA Awards 2018 – Video Team

Outline

Acted as roaming camera operator for a Student Radio awards evening at the London O2 Indigo Theatre, alongside a follow-up live musical performance. Involved following awards winners to stage and working with presenting team in upper galleries of the venue to video segments in between awards.

February 2017 - May 2019

Demon Media

Outline

Student media organisation based in De Montfort University that produces video content, maintains a radio station, and publishes a magazine on campus.

Personal Involvement

- Primary focus on the video strand (DemonTV)
- Acted as cameraman for livestreams covering events such as Varsity sports events, student union elections, and a live studio broadcast organised by National Student Television Association
- Original content including cameraman for a comedy directed by a member of DemonFM's executive, cameraman for a series of studio music performances, and as-live content in the university's TV studio for a variety of programmes including news broadcasts and panel shows.
- Trained members on how to use equipment such as TV studio cameras and XF305 cameras for live events
- Acted as director on a documentary focussing on mental health at university which was later used by the university to promote Mental Health Awareness Week
- Edited a variety of projects produced by DemonTV including local concerts and interviews using Adobe Premiere
- Additionally, presented a bi-weekly film programme on DemonFM, the student radio station that involved use of a music scheduling programme and a broadcasting desk.

November 2015 - February 2016

BFI Film Academy, Tyneside Cinema

Outline

Long-form film production undertaken by myself and a group of other young filmmakers in the North-East of England under the supervision of industry professionals working with Tyneside Cinema with the resulting film being screened at the cinema.

Involvement

- Acted as cameraman/Director of Photography, working with director to produce storyboards and establish overall look of the film
- On location, worked with both handheld and static camera techniques
- Assisted with post-production with timeline and transitions

Awards and recognition

- **BFI Film Academy Certification** – February 2016
